EDUMAAT

WELCOME

Education is Evolving Are You?

● **Manual Work**

Institutions still rely on manual, outdated systems.

● **Teacher, Parent, & Student**

Communication gaps slows down progress.

● **Decision Making**

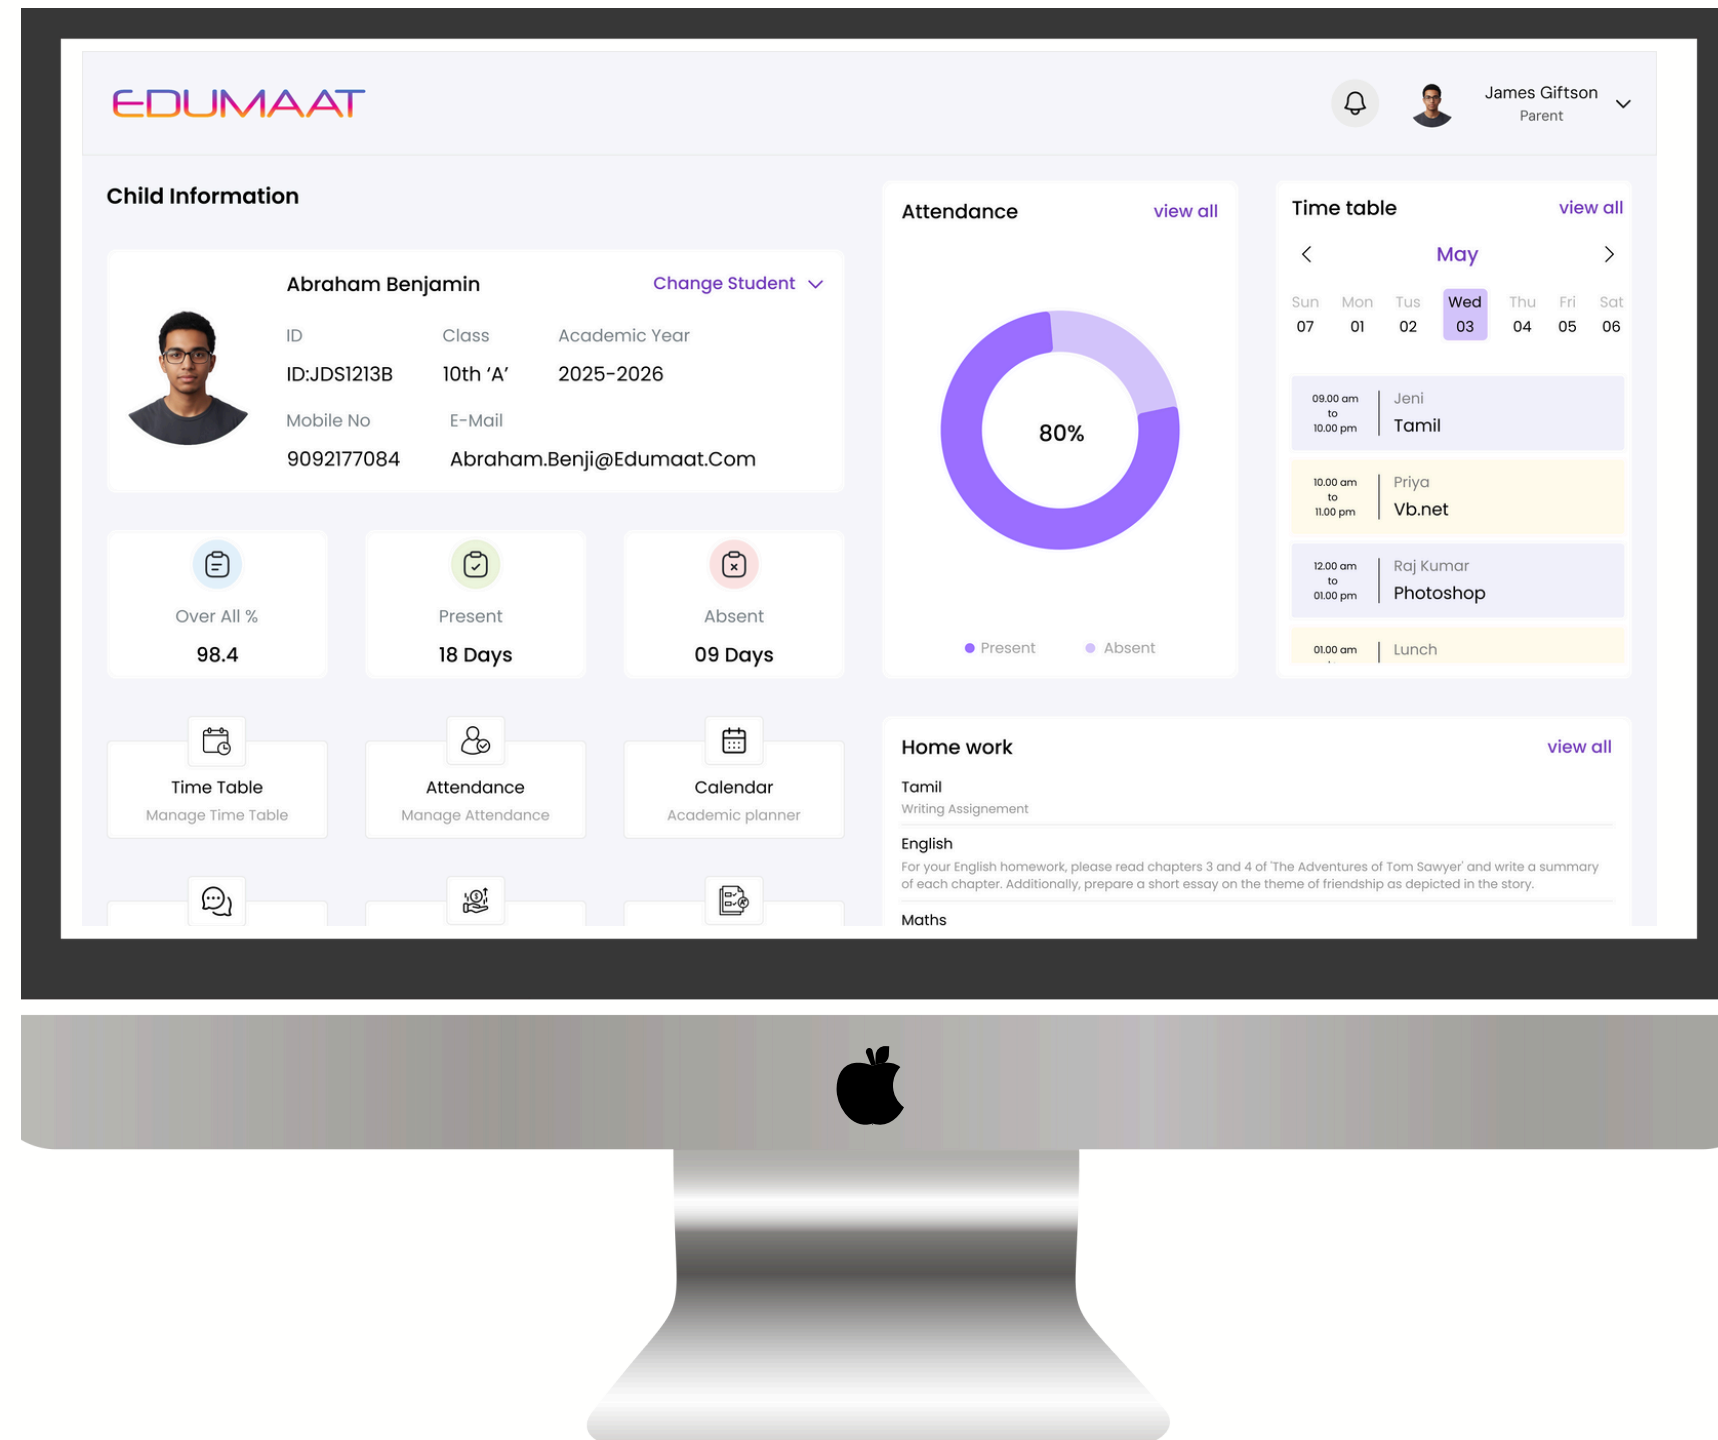

Reports and decisions come late.

● **Technology**

Confusion in choosing the right technology.

Communication

“Hi! I’m your
personal
assistant...”

“You have
classes scheduled
@ 10AM”

EDUMAAT introduces AI-powered intelligence to make education management effortless and efficient. Now, you can ask anything with AI — from generating reports to checking timetables and communication simply type a prompt, and EDUMAAT delivers instant results.

“You missed
the class!
Let’s catch UP!”

Thank You
